# Nikita Yeltsov

Junior Web Developer | Web Development Student

Viborg, Denmark · +45 5523 9862 · nikitaelcov899@gmail.com

Portfolio: link · GitHub: link · LinkedIn: link

## Profile

Web development student at Media College Denmark with hands-on experience from several web projects, including a live company website that I designed, built and launched. I work mainly with HTML, CSS, JavaScript and React, and I build responsive, mobile-first websites. I learn new technologies quickly, work independently and take responsibility for my tasks. I am looking for an internship, student job or junior position where I can grow through real, professional projects.

## Projects

**TIDE – Professional website** · Live link · GitHub link

*Next.js, React, TypeScript, Framer Motion, CSS, Vercel*

- Developed and customised a professional website using Next.js and TypeScript
- Implemented responsive design across mobile, tablet and desktop
- Restructured and optimised existing content
- Deployed the site on Vercel

**LegeKrogen – Responsive website** · Live Link · GitHub link

*HTML, CSS, JavaScript, REST API*

- Built the project layout with a mobile-first approach
- Integrated a REST API
- Restructured and optimised existing content

## Experience

**Graphic Designer & Frontend Developer** · PRIMA RENGØRING · March 2026 – September 2026 · Freelance

- Designed a mockup for a company website and estimated future costs for the client
- Coded a four-page website in HTML, CSS and JavaScript

- Launched the site online, including purchasing the domain and setting up hosting

**Web Developer** · SoulConnection.Earth · August 2026 – September 2026 · Freelance

- Restructured a professional website built in Wix Studio
- Created new sections and fixed visual issues
- Added custom JavaScript logic to specific sections

## Technical Skills
